ANKC LTD RALLY OBEDIENCE JUDGE'S CHART	26
ANKC LTD RALLY OBEDIENCE SCORE SHEET - INDIVIDUAL	27

INTRODUCTION

The purpose of Rally Obedience is to demonstrate a dog's usefulness as a companion of mankind, not merely the dog's ability to follow specified routines in the ring. Dogs who participate in Rally are dogs that have been trained and conditioned to compete at Novice level and in the presence of other dogs.

The objective of Rally is to provide a fast-moving and motivational sport for both Handler and dog that demonstrates competency in basic Obedience exercises without the precision of the formal Obedience Classes. Dogs in Rally events should demonstrate willingness and enjoyment. To that end, Handlers may use verbal praise and encouragement of the dog on the Rally course.

All participants in the Rally Classes are required to perform the same exercises in substantially the same way so that the quality of the various performances may be compared and scored.

These Rules are binding on Member Bodies of ANKC Ltd

Interpretation of these Rules should not be necessary however should there be a need for individuals to seek clarification application must be made by the Member Body to the appropriate Committee of ANKC Ltd, whose decision shall be binding.

GENERAL

Dispensations and allowances granted by any State or Territory Member Body to a handler will be recognised by all Member Bodies of the ANKC Ltd.

TITLES

Only the highest Rally Obedience Title awarded to the dog will be used after the name of the dog or in the case of Rally Champion before the name of the dog. However Rally Advanced Excellent (RAE) and Rally Master (RM) Titles may appear together after the name of the dog.

Applications for RN, RA, RE, and RAE titles must be lodged indicating qualifying scores under at least two (2) different Judges.

Applications for RM and RO Ch titles must be lodged indicating qualifying scores under at least three (3) different Judges.

The Member Body will receive applications for the title "Dual Champion" in connection with each dog which, having gained its title of Conformation Ch. and Rally Obedience Champion (R.O. Ch.)

However for a period of twelve (12) months from the date when these Rules become effective, where a dog has already attained one or more qualifying scores of 80 points or more in both the Rally Advanced B and Rally Excellent B Classes on the same day towards a RAE title under the former Rules, these qualifications will be accepted towards the required total of five (5) double qualifying scores, provided that at least one double qualifying score of 80 points or more must be attained after these Rules become effective.

EXHIBITS

Bitches in Oestrus:

Bitches in oestrus or showing a coloured discharge of any sort must not be permitted to compete in Trials or to remain within the precincts of a Trial.

Dogs Wearing Protective Clothing:

Protective clothing may be worn by the dog depending on prevailing weather conditions and at the discretion of the Judge.

Entry Number:

The Handler must be provided with the dog's catalogue number which must be worn where it can be clearly seen. In the case of multiple entry, only one entry number to be visible whilst in the ring.

Judging Ring:

No dog shall be permitted to enter or use the Trial Ring except whilst being Judged until the completion of all classes, unless with the permission of the affiliate conducting the Trial.

Removal of a Dog:

The Judge must order the removal and disqualification from all Trial Competition on the day any dog that attacks, and must lodge a report with the Member Body. The Judge may order the removal from competition of any dog, which does not obey its Handler, any Handler who openly interferes wilfully with another competitor or a competitor's dog or whose behaviour is objectionable, and must exclude from competition any dog, which the Judge considers unfit or physically unable to compete.

Withdrawal of Dog:

A dog may be withdrawn during judging with the consent of the Judge, but must not take any further part in that class.

EXHIBITORS AND HANDLERS

Commands and Signals:

Communication from the Handler to the dog is to be encouraged and not penalised. Unless otherwise specified in these Rules, Handlers may encourage their dog with verbal praise and patting. Where, in the opinion of the Judge, the Handler's touch is being used to physically guide or correct the dog, the dog must be non-qualified for failure to meet minimum requirements.

Multiple commands and / or signals using one or both arms and hands are allowed although they will be penalised accordingly; the Handler's arms need not be maintained in any particular position at any time. Where the dog is being substantially lured around the course, the dog must be non-qualified for failure to meet minimum requirements.

At any time during the course, loud or harsh commands, intimidating signals or physical guidance will be penalised.

All verbal commands must be in the English Language unless approved otherwise by the Judge.

Dress Code:

Adequate sensible dress with appropriate footwear (no thongs, scuffs or bare feet) is required to be worn by the Handler in the ring.

Entering and Leaving the Ring:

On the Steward's call of the dog's catalogue number, the Handler will enter the Ring with the dog on lead and take up position at the "Start Station". In Exercises that require a dog to be off-lead, the lead will be taken off and handed to the Steward. All dogs must leave the Ring on a lead.

Heel Position:

The team of dog and Handler moves at a brisk pace, with the dog under control at the Handler's left side. There should be teamwork between the dog and Handler both during the numbered exercises and between the exercise signs; however, while perfect 'heel position' is not required to obtain a qualifying score, inaccuracy will be penalised.

Praise, Food and Patting:

While praise and encouragement are allowed, dogs should remain under control. Patting of the dog is permitted for praise. Physical contact must not be used for putting or assisting the dog into position. A dog whose Handler takes food or other training aids into the ring at any time during the walkthrough or competition must be disqualified from that class.

Rewards:

No rewards are to be left within 5 metres of the competition rings.

Incorrectly Performed Station:

An Incorrectly Performed (IP) station occurs when a team attempts a station and fails to perform all the elements making up the station in the correct sequence as set out in the description of each sign and/or in the Point Deductions section of these Rules.

Station Not Attempted:

Teams must attempt all stations. Where a team does not attempt a station and then moves onto the next station, they will receive a non-qualifying score.

Retry:

Where a team attempts a station and fails to perform the elements of the station correctly on the first attempt, the Handler may choose to retry that station with a three (3) point deduction. The Handler must clearly indicate to the Judge that they are about to retry the station. The station must be retried immediately, in its entirety in the correct position in relation to the station sign.

Retries are not allowed if a team has already committed an error that would result in a non-qualifying score for the course, or if it is specified in an exercise description that retries are not allowed.

Any deductions incurred as the Handler repeats the station are added to the -3 points already incurred for attempting the retry. If the Handler fails to perform the station correctly on the second attempt they will incur a total deduction of 13 points for that station.

A maximum of two (2) retries are allowed per course. Where a handler attempts more than two (2) retries they will incur a non-qualifying score.

Non-Qualifying Scores:

If a team receives a non-qualifying score on a course, judging will cease immediately and no retries will be allowed.

JUDGING PROCEDURES

Judging Standard:

Rally is a sport in which the dog and Handler complete a course that has been designed in advance by the Rally Judge. The Judge tells the Handler to begin, and the dog and Handler heel through the designated course demonstrating the skills required at each station (10 - 24, depending on the level). Each station has a sign providing instructions regarding the skill that is to be performed.

Rally Rules give the Judge guidelines for how an exercise is to be performed. Rally Judges must make decisions based on a mental picture of the theoretically perfect performance within the framework of the Rally Rules. Rally Rules are the basic guide to judging.

Handler with Disabilities:

Handlers with disabilities may compete, provided such Handlers can move about the ring without physical assistance. The use of a wheelchair, crutches or cane is acceptable.

When necessary, an exercise may be modified in order to help the Handler execute the exercise, but the modification must not aid the performance of the dog. The dog is required to perform all parts of the exercises as described in these rules.

The heeling exercises are expected to be performed at a brisk pace and there must be a definite change of pace during the slow and fast portion. Failure to do the above will result in a penalty, the same as for any Handler. Proper heel position must be determined prior to the commencement of the exercises and this position should be maintained throughout.

A Handler who is blind may be assisted, if necessary, by the Judge or a person approved by the Judge to get from one exercise to another e.g. commands.

Judge's Orders and Signals:

The Judge's orders will be, "Are you ready" followed by, "Forward." After the Judge's "Forward" order, the team is on its own to complete the entire sequence of numbered exercises correctly.

Catalogue Order:

Dogs must be judged in catalogue order to the extent that it is practical to do so. For the Advanced and Excellent classes, the Trial Secretary may arrange entries according to the dogs jump heights.

A Judge need not mark absentees in the Judge's score chart until the end of the class.

Awards and Placings:

For all Awards and Placings, a qualifying score will take precedence over a non-qualifying score.

Re-judging:

At the Judge's discretion if a dog's performance was prejudiced by peculiar or unusual conditions the Judge may, at his own discretion, re-Judge the dog on the entire course. If circumstances allow, the judge may also stop the team on the course and suspend time keeping. Recommencement will be from the stopping point.

Ties:

In the case of tied scores, the dog and Handler completing the course in the least amount of time will receive the higher placement.

Scores:

Scores will be posted ringside after each dog and Handler team has completed the final exercise. Times will be recorded but not posted.

Scoring (all Classes):

Scoring for all levels is based on a maximum score of 100 points.

Any faults in traditional Obedience that would be evaluated and scored as a one point deduction or more should be scored the same in Rally, unless otherwise mentioned in the "Rally Rules".

There shall be no ½ point penalties in Rally Obedience.

The following deductions shall apply:

1 point deduction for each of the following:

- Tight lead
- Dog interfering with Handler's forward motion
- Poor sits, downs and stands
- Slow or resistant response
- Touching a pylon, post or course distractions
- Touching or hitting a jump without dislodgement
- Out of position

3 point deduction for each of the following:

- Repeat of a station, maximum of two (2) retries allowed per run
- Pylon/post knocked over (on Figure Eight, Spiral and Serpentine) by a dog and/or handler
- Lack of control
- Loud command or intimidating signal
- Excessive barking
- Course distractions knocked over or dislodged

1 to 10 point deduction:

- Lack of teamwork
- Lack of briskness
- Handler error

10 point deduction for each of the following:

- Incorrectly performed station (including Failure to clear a jump)

Non-qualifying (NQ) scores shall be given for:

- Minimum requirements not met
- Dog unmanageable, or uncontrolled barking
- Consistently tight lead
- Dog relieving itself in the ring
- Handler error
- Station not attempted
- Failure of a dog to go over a jump in the proper direction
- Attempting more than two (2) retries
- Performing a station out of sequence
- Where a station is rendered unusable

Disqualification:

No points awarded. The dog is disqualified from all Trial Competition on the day and the Judge must provide a written report to the Member Body within 14 days - the only exception being in instances where the disqualification was incurred as a non-qualifying score.

Timing:

Any teams will be timed by either the Judge or the Steward. Times will be used only in the event of ties for a placement. Timing will begin when the Judge gives the order, 'Forward' and will end when both dog and Handler cross the finish line.

Calls:

Any Handler whose dog has passed the inspection/check in and does not answer the Ring Steward's third call must be marked 'Absent'.

Certificates:

A Rally Obedience Trial Certificate, signed by the Judge, showing the total number of points awarded, must be available to each qualifying exhibit in each Class.

Charts - Judging:

A properly compiled and separate Judging Chart must be provided for each Judge officiating at a Trial. Each Judging Chart must be signed by the Judge after personally verifying the points. An outside judging chart will be provided to the Steward who shall keep this up to date during the running of the Class. (Times must not be posted)

It is the Judge's responsibility to see that Judging Charts are checked, scores correctly recorded, signed and delivered to a responsible Trial Official immediately each class is completed.

Individual score sheets (as shown in Appendix) will be provided by the Affiliate conducting the trial and given to each Handler.

GUIDE TO JUDGES

A Judge must conduct himself in a manner that is fair and not prejudicial to the sport.

The responsibility for making the test interesting to the public and worthwhile to the Exhibitor is left to the Judge who must not permit the judging to be prolonged so that Handlers and those watching become bored and to cause competing dogs to tire. Judges must remember that they are judging the dogs on their ability to perform the tests set for them. Judges must not be too lenient in their marking of exhibits, as dogs should not attain their Titles upon work of poor quality.

Judge's Charts:

The Judge will verify the final scores on the Judge's Chart and mark the time started and finished, initial any corrections and sign the Chart.

The Judge will post the course/courses outside the ring when the course has been built. The Judge may alter the course because of unforeseen ring conditions and post the changes. Prior to the scheduled judging time, the Judge should inspect the ring, which must meet all requirements of the Rally Rules.

RING PROCEDURE

Signs with an asterisk (numbers 5, 6, 7, 8, 9, 10, 17, 18, 19 and 46) may be used multiple times on a Rally course. Two of each of those signs must be available for the Judge's use. All other signs may only be used once on any course.

Stationary exercises are any signs indicating a 'Halt' or no forward motion.

Signs will be placed to the right of the Handler's path except for those indicating a change in direction, in which case the sign will be directly in front of the Handler.

Exercises using cones may require entry with the sign on the left. The sign will be placed at the first cone. Exact placements of signs are made by the Judge while laying out the course.

The course for each class will be posted at the ring prior to the familiarization time.

Except for exercises requiring entry with the sign on the left, exercises are performed near the designated signs, either directly in front, or in the front and to the left of said signs. (Signs 20 and 40 are performed just past the sign).

A 10 minute walk through will be allowed for a maximum of twenty five (25) Handlers, without their dogs. After each block of a maximum of twenty five (25) Handlers the judge will conduct another 10 minute walk through.

When the same course is used for A and B classes, the Judge may choose to combine the classes for the walk through time. The Judge must be available in the ring during this period to answer any questions the Handlers might have. The Judge may also choose to brief the Handlers on the course during this period.

Distance Between Stations

There **must** be a minimum distance of four (4) metres between sequential signs or after completion of a station.

EQUIPMENT

All equipment must be provided by the club hosting the event.

Collars and Leads:

The minimum length of lead will be 750 mm and it will be fitted with a quick release fastener. The lead must be made of fabric or leather and must be long enough to provide adequate slack. All dogs must have a slip or fixed collar which fits loosely around only the dog's neck and which must remain on the dog at all times. No spiked collars, electronic collars or collars which give additional head control shall be permitted.

All dogs must enter and leave the Ring on a lead. In exercises that require a dog to be off-lead, the lead will be taken off and handed to the Steward at the Start Station.

Signs and Holders:

The designated wording and symbols must be used. Signs must be a minimum of 210mm x 297mm and a maximum of 210 mm x 450mm. Weather conditions should be considered when securing signs and holders.

Colours used for the signs are optional.

Twenty four (24) exercise sign holders are required plus one for each Start and Finish signs.

All sign holders or signs (not including those for Start and Finish) will be clearly and sequentially numbered on the course, with numbers approximately 75mm high.

Other Equipment:

At least four pylons, cone markers or posts must be provided for Exercises #21 – 24 and two secure containers of treats and or toys as distractions for Exercise #39.

Jumps:

It is the Judge's responsibility to see that jumps are set for each dog in accordance with these Rules. All jumps must be painted white or a very light colour, unless otherwise stipulated.

Calculation of the Height and Width of Jumps:

The dog's height shall be measured at the withers to the nearest 10mm. The dog's jump height shall be given on the entry form.

Height of Dog at Withers	Height to be jumped	Broad Jump	No. of Broad Jump Hurdles
Under 250mm	150mm	300mm	2
250mm and under 380mm	200mm	400mm	2
380mm and under 500mm	300mm	600mm	3

The Bar Jump must consist of two uprights 1200 mm high and a bar approximately 35 mm in diameter. The bar must be coloured black and white alternate sections of about 100 mm and be between 1.2 and 2 metres in length. The Jump will be adjustable for height. Side post adjustment to be constructed so as the bar will fall off if hit hard enough, in either direction.

Broad Jump:

The Broad Jump must consist of three separate hurdles between 1.2 metres and 2 metres wide and 150 mm high at the highest point. For convenience, the three jumps may be built to telescope. When decreasing the number of hurdles in the jump, the highest hurdle will be removed first.

The Solid Jump must consist of two uprights 1200 mm high a minimum of one and a half (1.5) metres and a maximum of two (2) metres wide with fill in boards of various sizes so as to provide adjustment for the jump to be set at the prescribed heights. The height in millimetres must be clearly visible on each side of each board in black figures. The figure on the baseboard must represent the distance from the ground to the top of the board. Suggested size of the boards 1 x 150 mm, 2 x 100 mm, 1 x 50 mm combined to make each dog's required jump height.

Trial Procedures**Schedule:**

After each block of class judging, Judges will allow a 10 minute walk through for the next block of dogs to be judged in the class. The 10 minute walk through must be included in the scheduled judging times.
